

Versa Master

...designed with families in mind

The Versa Master is the perfect solution for families who want a more spacious WAV

The space available in the Versa Master makes it suitable for almost all family situations. The standard version can accommodate the wheelchair user and up to 6 seated passengers (including the driver).

A larger medium wheelbase version is also available where either more wheelchair or seated space is required.

Both versions are available with single or twin side sliding doors for ease of passenger access, and can be fitted with either an automatic tail lift or lightweight folding ramp for wheelchair access.

Critical dimensions

Entry height	1580mm
Ramp length	2400mm
Ramp width	762mm
